Dear Bronco Families:

Last night our Board of Trustees held an emergency meeting and they directed District Administration to bring an "In-person" instructional model, as an alternative to Enrichment, to the next Board meeting for review and potential approval. On April 6th, Monterey County's adjusted COVID-19 case rate dropped which promoted our county to the Orange (Moderate) Tier within the [Blueprint for A Safer Economy](#). Pending Board Approval, our goal is to start our hybrid model on Thursday, April 22nd. Returning to classrooms will focus on doing so safely and will be a voluntary decision for the rest of this school year. This means that families will have the option to either stay with distance learning for the remainder of this school year. A survey will be sent on Monday, April 12th for your feedback on whether or not your student will participate in our in-person instruction.

This is the proposed schedule with times yet to be determined based on transportation need:

Our schools have worked diligently over the past year to implement a variety of new prevention protocols, offering vaccination to all staff, safety training, and contact tracing. Schools have also made environmental modifications to sites in order to minimize the risks to our students, parents, and staff visiting school sites. With these systems functioning together, we are confident that schools have ample preventive measures in place to minimize the risk of COVID-19 to students, staff, and families as we proceed with our reopening plans.

Throughout this pandemic, our students, families, and staff have experienced differing levels of hardship that will require increased support and equitable services in the months ahead. We are elated at the possibility of seeing our students return to the classroom and we are committed to ensuring all students have the resources and services they need as we recover from this crisis together.

Yours in education and health,

Mrs. Lopez
